

Toledo State Hospital Old Cemetery

Lucas County, Ohio

There are more than 900 burials in this cemetery.

Graves (except those observed) are identified by small concrete markers, each with a number corresponding to a hospital burial log that identifies each person by name.

Many of the grave markers remain unseen, buried in the ground.

Observed Gravestones - Oct 2020

- A. Joseph Withers - Grave 820
- B. Esther Jane Kern - Grave 460
